

The 8th International Workshop on Waldenström's Macroglobulinemia London, UK 2014

Transportation Bulletin

London is located in the heart of Southern England and can be reached by car, train, plane, or bus. Selecting the correct transportation is important and planning is therefore required to facilitate a smooth transfer to the Newport Park Plaza Westminster Bridge London. Attendees should strongly consider arriving Wednesday, August 13, 2014 for the Workshop. For delegates arriving by Air, please consider arriving and departing via London Heathrow Airport (LHR) which is 17.6 miles/28.3 KM (37 minutes to 1 hour) to London, or Gatwick Airport (LGW) which is 27.9 miles/44.9 KM (1 hour to 1 hour and 20 minutes) from London. The London Heathrow Express (Heathrow-Paddington Station) and London Gatwick Express (Gatwick to Victoria Station) trains provide fast and convenient transportation to/from these airports to Central London [15-20 minutes]. We would encourage you to use London Express trains, Metro subway getting off at the Westminster stop, and/or taxis at Paddington and Victoria Stations for transportation to/from the Hotel.

Departures

Based on analysis, please plan on leaving the Conference at least 4.0 hours before scheduled air departure for London Heathrow, and 4.5 hours for Gatwick Airport.
